II. **Course Description:** An in-depth educational training of the character trait Patience with an explanation of how to implement patience in all areas of life. This course will describe how to put into practice the 4-step process of effective teaching strategies that will help you model, instruct, practice, and reinforce patience.

II. **Course Objectives:**

1. You will be able to effectively Model, Instruct, Practice, and Reinforce the Character Education trait of Patience.
2. You will be able to help your students use Patience to build life-long relationships and promote positive behavior.
3. You will be able to create a positive learning environment where you will understand the individual needs of your students, then respond to those needs in an effective manner.
