II. **Course Description:** An in-depth educational training of the character trait Respect with an explanation of how to implement respect in the classroom and in all areas of life. This course will describe how to put into practice the 4-step process of effective teaching strategies that will help you model, instruct, practice, and reinforce respect with your students.

II. **Course Objectives:**

1. You will be able to effectively Model, Instruct, Practice, and Reinforce the Character Education trait of Respect.
2. Your students will be able to implement the concept of showing respect to yourself, others, and the school.
3. You will be able to create a positive learning environment with a sense of family and community.
